CARLOS ALEJANDRO ALEMÁN OSORIO

Software Engineer

Quito, Ecuador | acarlosaleman03@gmail.com
linkedin.com/in/alejoaleman | github.com/Alejololer

SUMMARY

Software Engineer in TypeScript/React and Python/Django, owning auth, the data model and frontend architecture of an AI platform built on the Claude Agent SDK. Azure AZ-104 certified and a Claude Certified Developer.

EXPERIENCE

Upstart 13 — Quito, Ecuador
Junior Software Engineer (Full-time) — Oct 2025 – Present

- **Own core areas of the company's AI platform**: authentication and permissions, data model and APIs, and frontend architecture (TypeScript, React, Next.js, Prisma, PostgreSQL).
- **Drive tickets from design to delivery with minimal oversight** on a 5-person team, proposing technical solutions and reporting directly to product owners.
- **Helped bring in formal architecture design** and clear product ownership to the team's development process.
- **Built LLM features on the OpenAI API** (Django, Next.js), extracting structured data from client documents and cutting drafting from days to hours; piloted with 2 clients.
- **Stabilized failing Azure dev/test environments** (env variables, logging), unblocking QA and team builds.
- **Trained the incoming intern** through structured shadowing and handed off the onboarding platforms.

Tech HR Intern (Part-time) — May 2025 – Oct 2025

- **Built and owned the internal HR site**, a WordPress and Moodle plugin for new-hire onboarding.
- **Implemented unified login and progress sync** between the WordPress intranet and Moodle.

Independent — Remote
Web Developer (Freelance) — 2025 – Present

- **Built and deployed small-business websites** with Next.js and Astro on Vercel, from requirements to launch.

Sagat Farm — Quito, Ecuador
Software Developer (Part-time) — Nov 2024 – Apr 2025

- **Delivered 6+ web and mobile features** for a floriculture operations system used daily by 4+ large flower farms in Ecuador; automated its deployments with GitHub Actions and SSH.
- **On call for production issues**, fixing failures at the root cause; cut downtime ~30% and sped up key queries 20–40% by refactoring legacy code and parameterizing SQL.
- **Started as an intern (Aug–Oct 2024)**: named "Best Intern of the Cycle" and promoted after handling production support and fixing 10+ bugs.

CERTIFICATIONS

Claude Certified Developer: Foundations (Anthropic) — Oct 2026
Microsoft Certified: Azure Administrator Associate (AZ-104) — Oct 2026

EDUCATION

Escuela Politécnica Nacional — Quito, Ecuador
B.Eng. in Software Engineering | Graduation Grade: 28/30 — Nov 2021 – Aug 2026

SKILLS

Languages: TypeScript, Python, JavaScript, SQL, C#, Java, PHP
Frameworks: React, Next.js, Django, Astro, .NET, Angular, Flutter, WordPress
Cloud & DevOps: Microsoft Azure, Vercel, GitHub Actions, CI/CD, Git
Databases: PostgreSQL, Prisma, SQL Server, MySQL
AI / LLM: Claude Agent SDK, OpenAI API, LLM integration, RAG, structured output extraction, prompt engineering
Spoken: Spanish (native), English (professional)
